

# Wychwood Players – Wuthering Heights

The Wychwood Players performance of Wuthering Heights was outstanding, with our regular players who were joined by new comers who contributed an important part to the production: All gave very professional performances. David Trollope and Mandyrae Large designed the set, which was built by a new team Ben Curran, Richard S. Hartley, Simon Aldridge and Sally Lewis. It was sad that the audience numbers were down; as I left the hall I kept hearing the comment that was a brilliant performance, possibly the best yet. We look forward to the next production by the Wychwood Players with eager anticipation.
